ePostage Software Solutions

Delivering postal postage technology to global postal operators

The Challenge: declining mail volumes

As mail volumes continue to decline, postal authorities need ways to combat shrinking revenues and rising operational costs.

The Opportunity: ecommerce shipping

The sky-rocketing growth of ecommerce has resulted in increased package volume. Posts have seen some parcel growth, but many customers are still turning to private carriers for their package delivery needs. For posts to gain shipping customers, new technologies must be adopted.

The Solution: postal postage software from Endicia

By implementing Endicia technology, postal customers can access postal postage services anytime, anywhere at the speed of the internet.

Endicia capabilities include:

- Buy and print postage online
- Fully integrated, all-in-one shipping labels
- Automated and integrated customs forms
- All common payment methods
- Electronic track and trace
- Online insurance
- Shipment notification emails
- Customized reporting
- Marketplace integration
- Returns
- Cross-border shipping tools
- And much more!
